LOCAL MATTERS.

Democratic Caucus.

A Democratic Caucus will be held at the Court House in Ottawa, this evening, to nominate candidates for town officers, to be voted for at the town election next Tuesday.

Notice.

A Notice of the La Salle Co. Soldier's Aid Society will be held at the COURT HOUSE on Tuesday evening, April 17th.

Town Election.

Our annual Town Election takes place next Tuesday. Thus far we know of but three candidates in the field—all for collector, whose announcement appears in another column. We are unable to learn that any steps have been or will be taken to make nominations, either by the democrats or republicans. From present appearances, it will be a free fight. All we have to say is, that we print tickets "with neatness and despatch," at lowest living prices.

A Gentleman—an influential democrat, has just handed us the following ticket, which he says he and many others intend to vote for. We publish it, of course, taking no responsibility in the matter except to say, that we know of no objection that can be made to the men upon the ticket:

For Supervisor, WM. HICKLING.  
For Assistant Supervisor, JNO. V. A. HOSE.  
For Town Clerk, F. F. BOWER.  
For Assessor, THOS. W. OSORN.  
For Town Collector, EDW. BUTLER.  
For Commissioner of Highways, JOSEPH FENNELL.  
For Overseer of the Poor, DR. J. O. HARRIS.

Later—A call has just been handed in for a democratic caucus this evening—to nominate candidates.

Revenue Stamps.—The Postmaster requests us to say that he has transferred his revenue stamps to the City Bank of Eames, Allen & Co., where they can be had hereafter in any amount and denomination that may be required. They will no longer be sold at the Post Office. See adv. of City Bank.

National Portrait Gallery.—This is a work in quarto form, issued in numbers, printed on large type and superior paper in the highest style of the art. Each No. gives a full length portrait and a biography, by E. A. Bowers, of eminent Americans, such as Franklin, Washington, Jefferson, etc. It is intended to embrace all the great military heroes, civilians, literary and scientific men of the nation. The work will be completed in about 50 numbers, and will then be the finest collection of national portraits yet published.

T. G. Bryce, Esq., agent, is now soliciting subscriptions for the work in this city, and we bespeak for him a favorable reception by our people.

Henshaw's Battery.

The picnic excursion last Saturday, by the ladies of the Soldiers' Aid Society, to Camp Stebbins, on invitation of the members of Henshaw's Battery, was a gay and pleasant affair. The battery was out in force to escort the ladies, of whom a large company had convened to join in the excursion. There was a dinner, a flag presentation, music, and a lively time generally.

The battery is understood to be under marching orders for Kentucky, and may leave any hour on the click of the telegraph. The boys are "up and dressed," and ready to travel on the instant. The battery had a grand parade through the streets on Thursday, and made a most imposing appearance. They are eager for active service, and will give a good account of themselves.

Shade and Ornamental Trees.—A little labor rightly applied at this season of the year, will secure a beautiful growth of shade trees and ornamental shrubbery for our city.

Possibly our city fathers would be well employed in planting a few hundred and well securing them around public buildings and along the streets in front of them. The elm and maple, though of slow growth, would ultimately be far better than the cherry or basswood, and poplars. There are few towns whose soil is better adapted than ours for these kinds of wood, and none where sylvan shades would prove more ornamental and useful.

Rockford is quite eminent among the towns in the northern part of Illinois, for shrubbery. A greater variety of tulips and verbenas than one may see in yards and gardens there, is not often met with. Roses are not wanting, or other beautiful plants. Many an ugly house here might be screened with a climbing rose or made the useful lodge of some valuable vine.

Henshaw's Battery.

We have no desire to create unnecessary excitement in this community. Dear friends, what with the war, and politics, and secret societies, and negro assaults, our people are inflammable enough. But, regardless of consequences, we must mention one other fact that will create a buzz, and that is, that E. A. Armstrong has just got home from the East and is now receiving a most captivating stock of new and fashionable clothing for spring and summer wear. We hear of several wedding days being fixed since this arrival, while courting, which had become quite languid for want of the proper rig, is expected to become "sovereign."

Flag Presentation.—Quite a little affair in the way of a flag presentation took place at the Railroad Depot on Tuesday. The flag was presented to Col. A. B. Moore for the 104th Ill. regiment. The history of the flag is this: Several months ago, a committee of patriotic ladies, consisting "principally," we believe, of Mrs. D. W. C. Gooding and Miss Lizzie Wood collected the material and made a beautiful silk flag, intending to present it to Captain Leighton's company of the 104th regiment. On mentioning the matter to Capt. L., however, he stated that companies were not allowed to carry flags in the regiment, and suggested, as the regiment had no flag, that it be presented to Col. Moore for the regiment. The suggestion was adopted, and Col. Moore being in town on Tuesday, as he was awaiting the arrival of the cars at the depot, the presentation took place. Quite a large company of ladies and gentlemen had collected to witness the affair. The presentation speech, on behalf of the ladies, was made by Chas. Blanchard, Esq., and was responded to in terms evincing deep feeling and emotion by Col. Moore.

The Chicago Excursion.—A slight change, it will be noted, has been made in the price of tickets for the great Excursion to Chicago, under the auspices of the Soldier's Aid Society. The price of tickets for children under 14 years of age is changed from "half price" to "One Dollar."

As the President has appointed April 30th, the day fixed for this excursion, as a national fast day, we presume, of course, the day for the excursion will be changed. Due notice of the change will be given in the papers next week, as also by handbill.

Goods to Chicago.—Our citizens will learn with regret that Mr. Gray Koci, Whitehead and Macintosh, is about removing his establishment to 179 Randolph street, Chicago. In the way of key fitting, making and repairing locks, draughting and making models for inventors, and a vast variety of work in that way that requires a cultivated and ingenious hand, Mr. K. is unequalled, and there is no one in town to fill his place. Mr. K. was doing a good business, but his ambition rose with his prosperity, and, thanking the people of Ottawa for their many favors, he thinks, correctly no doubt, that his genius needs a wider field of operation than is offered by a small city like Ottawa.

Book Bins Removed.—C. G. Lutz has removed his Book Bins and general Variety Store to La Salle Street, next door south of the U. S. Assessor's office. Mr. L. has just received and will open at his new location, a fine new stock of Stationery, Toys, Tobacco, Cigars, &c. He has also, with enlarged facilities, made important additions to his Binery.

Dr. Geo. Lewis, dentist, has removed his office, (lately over Orton's Bookstore) to the rooms on the 2d floor next door west of Cheever's store.

Omission.—In publishing last week the names of city officers elected by the City Council the name of T. W. Osborn as assessor was accidentally omitted.

Announcements.

We are authorized to announce LUCAS DELANO, Jr., as a candidate for the office of Town Collector for the Town of Ottawa at the election on Tuesday next, April 7th.

We are authorized to announce DONAT HOLLECKER as an independent candidate for the office of Town Collector of the Town of Ottawa, at the election to be held on Tuesday next, April 7th.
